NEERAV GARG

An avid Full Stack Web Developer. I have always gone out of my comfort zone to get a job done and manage multiple priorities with a positive attitude. Problem-solving has always been an integral part of my journey and I have engraved the ability to work under pressure in my work culture.

Projects

Quizzy App 🔗

- A Fullstack app to educate teenagers about their diet and nutrition in a fun quiz-like form.
- The app is built using MERN, Next, Tailwindcss, REST, google oAuth, etc.

Daily Dose App 🔗

- A news app that summarizes news articles in 60 words or less by fetching data from an API.
- The app was built using ReactJs, Javascript, Bootstrap, axios etc.

Weatherly App 🔗

- A weather app that let users enter the ciry of choice to get the areas current temperature plus several necessary details.
- The app is built using Reactjs, TailwindCSS, Axios etc.

Portfolio App 🔗

- A Frontend app made to showcase my skills, projects, experience and goals in a beautiful UI.
- The app was built using ReactJs, Bootstrap, etc.
